Gentlemen/Gentlewomen,

New York State's contractor is planning on starting work on Rt 30 at the D&H overpass (N/S) in Duanesburg on June 12<sup>th</sup>, 2017. This project includes reconstruction of the existing roadway under the RR overpass, and will increase the height clearance under the bridge so that the height restriction can be removed. It includes new drainage, gutters, paving and guiderails.

This work requires a road closure on both sides of the RR bridge, with a signed detour to be put in place for traffic to follow. The detour will be signed over Rt 20, Rt 395 and Rt 7. Attached is a map of the detour route.

We anticipate the closure to last 4 weeks. If you have any questions, please contact me at 729-5605 or [dan.miles@dot.ny.gov](mailto:dan.miles@dot.ny.gov).
